The Current Time

I am located in Melbourne, Victoria, Australia. The current date and time in here is;

28-Nov-2005 Mon 08:18:04 PM

I often keep "late" hours, so give you are more likely to catch me on iChat in the later portion of Melbourne's night.

You may also wish to check out the times in other parts of the world where I have friends and colleagues whom I also iChat with on a regular basis.

This day in history

First Female British MP Elected (1919)

Nancy Witcher Astor, or Viscountess Astor, was the second woman elected to the British Parliament's House of Commons, and the first to take a seat (the first female elected member had chosen not to do so). She attracted a great deal of attention, much of it for her caustic and witty comments, and was re-elected many times, serving until 1945. [More...](#)
