Celebrating Twenty Mac Years

Twenty Mac Years Gold Sponsor

With iTunes, iPods, and designer iMacs, Apple Computer is once again revolutionizing the way we live with technology. To bring us all up to date with what's new with Apple, the second edition of journalist Owen W. Linzmayer's best-selling Apple Confidential was published by No Starch Press in early 2004.

Apple Confidential 2.0 covers everything of note in Apple's fascinating history, from its legendary founding in a garage to today's groundbreaking innovations. With over 60 pages of new material, including several completely new or greatly revised chapters, and hundreds of new photos, illustrations, quotes, and timelines, Apple Confidential 2.0 is required reading for Macintosh fanatics and anyone interested in the business of Apple.

Order Apple Confidential 2.0 direct from Owen Ink, you get an autographed copy of the English language edition at an unbeatable price of only US\$25 sent worldwide via Global Priority Mail where available; otherwise sent via Air Mail.
